CCPS

CCPS portal is mainly used for paying insurance and pension purpose. Which is carried out by two contributors such as CNSS and CNAMGS. Through this portal employers and employees can connect to a consult by few clicks and easy way. In CCPS manage health insurance through CNAMGS and manage provident fund through CNSS. In CNAMGS they manage health insurance quarterly and for that the employer first create an account by entering required informations and submit the declarations each quarter jointly with the CNSS and pay contributions remotely via the portal. The CNSS managing provident fund by submitting joint declarations.

After an employer registration is success the employer can enroll employees,prepare, transmit and pay DTS remotely through CCPS portal.

Test ID	Test Description	Test Procedure	Test Input Data	Expected Result	Actual Result	Status	Screenshot
Screenshot				SIGN IN			Screenshot
	DESIGN						
CCPS_signin_001	ensure sign in page layout is as per the user specification	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		sign in page layout is must be as per the user specification			
CCPS_signin_002	check all the fields are displaying	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		all the fields are must displaying			
CCPS_signin_003	check whether the label text is properly dispalyed or not	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		the label text is must be properly dispalyed			
CCPS_signin_004	check whether the placeholder is properly displayed or not	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		the placeholder is should properly displayed			
CCPS_signin_005	check whether the alignment of the text fields are properly displayed or not	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		the alignment of the text fields are should properly displayed			
CCPS_signin_006	check whether the all the field are clickable or not	1.open the website 2.click on the login button 3.click on employee 4.take a look on signin page		all the field are should clickable			
	FUNCTIONALITY						
CCPS_signin_007	verify employee will be able to login with a valid CCPS id and password	1.open the website 2.click on the login button 3.click on employee 4.enter valid CCPS id and password	username - CC23256 password - Employee@123	employee should be able to login with a valid CCPS id and password			
CCPS_signin_008	verify that the employee cannot login with invalid credentials	1.open the website 2.click on the login button 3.click on employee 4.enter invalid credentials	username - CG230000 password - Emp@123	the employee cannot login with invalid credentials			
CCPS_signin_009	verify employee cannot login with a valid CCPS id and invalid password	1.open the website 2.click on the login button 3.click on employee 4.enter valid CCPS id and invalid password	username - CC23256 password - 000000	employee cannot login with a valid CCPS id and invalid password			
CCPS_signin_010	verify employee cannot login with a invalid CCPS id and valid password	1.open the website 2.click on the login button 3.click on employee 4.enter invalid CCPS id and valid password	username - CG230000 password - Employee@123	employee cannot login with a invalid CCPS id and valid password			
CCPS_signin_011	verify the employee cannot login with inactive credentials	1.open the website 2.click on the login button 3.click on employee 4.enter inactive credentials	username : CG12345678 password : 123456	the employee cannot login with inactive credentials			
CCPS_signin_012	verify the page shows validation when all fields are empty	1.open the website 2.click on the login button 3.click on employee 4.enter signin without filling the fields		the page should shows validation when all fields are empty			
CCPS_signin_013	verify the page shows validations when invalid login occur	1.open the website 2.click on the login button 3.click on employee 4.enter signin with invalid credentials	username : CG12345678 password : 123456	the page should shows validations when invalid login occur			

CCPS_signin_014	verify the page shows validations in case of exceeding the character limit of the CCPS id and password	1.open the website 2.click on the login button 3.click on employee 4.enter id and password with exceeding characters	username - CC232560000000000000 password - Employee@12300000000	the page should shows validations in case of exceeding the character limit of the CCPS id and password			
CCPS_signin_015	verify the forgot password functionality	1.open the website 2.click on the login button 3.click on employee 4.click on forgot password		the forgot password functionality must be working			
CCPS_signin_016	verify the eye icon shows the password when it is enabled	1.open the website 2.click on the login button 3.click on employee 4.enter password 5.click on eye icon		the eye icon should shows the password when it is enabled			
CCPS_signin_017	verify the eye icon encrypt the password when it is disabled	1.open the website 2.click on the login button 3.click on employee 4.enter password 5.click on eye icon		the eye icon should encrypt the password when it is disabled			
CCPS_signin_018	verify employee cannot login by using old password after changing the password	1.open the website 2.click on the login button 3.click on employee 4.enter old password	username - CC23256 password - Employee@123	employee cannot login by using old password after changing the password			
CCPS_signin_019	verify that the employee should be able to login with the new password after changing the password	1.open the website 2.click on the login button 3.click on employee 4.enter new password	username - CC23256 password - Employeenew@123	the employee should be able to login with the new password after changing the password			
CCPS_signin_020	verify the login page allows to log in simultaneously with same credentials in different browser	1.open the website 2.click on the login button 3.click on employee 4.enter same credentials in multiple browsers at same time	username - CC23256 password - Employee@123	the login page should allows to log in simultaneously with same credentials in different browser			
CCPS_signin_021	verify if the enter key of the keyboard is working correctly on the signin page	1.open the website 2.click on the login button 3.click on employee 4.enter valid phone number and password 5.press enter button in keyboard		the enter key of the keyboard is should working correctly on the signin page			
CCPS_signin_022	verify that clicking on the browser back button after successful login should not take the employee to log out mode	1.open the website 2.click on the login button 3.click on employee 4.signin 5.click on back button		clicking on the browser back button after successful login should not take the employee to log out mode			
CCPS_signin_023	verify the timeout of the login session	1.open the website 2.click on the login button 3.click on employee 4.signin		the timeout of the login session should not too lag			
CCPS_signin_024	verify that the page is redirected to dashboard/home page after success sign in	1.open the website 2.click on the login button 3.click on employee 4.signin		the page is should redirected to dashboard/home page after success sign in			
CCPS_signin_025	verify whether the user is still logged in after a series of actions such as close the browser,reopen etc	1.open the website 2.click on the login button 3.click on employee 4.signin 5.perform series of actions like close, reopen etc		the user should still logged in after a series of actions such as close the browser,reopen etc			
CCPS_signin_026	verify the sign in button working fine or not	1.open the website 2.click on the login button 3.click on employee 4.click on signin		the sign in button must be working fine			
DASHBOARD							
	DESIGN						
CCPS_dash_001	ensure the dashboard layout is as per the user specifications	1.login as employee 2.take a look on dashboard		the dashboard layout is must be as per the user specifications			

CCPS_dash_002	check all the fields are displayed	1.login as employee 2.take a look on dashboard		all the fields are must be displayed
CCPS_dash_003	check all the animated forms are placed correctly without lagging	1.login as employee 2.take a look on dashboard		all the animated forms are should placed correctly without lagging
CCPS_dash_004	ensure the dashboard content's language is changed according to the language selection	1.login as employee 2.take a look on dashboard		the dashboard content's language should changed according to the language selection
CCPS_dash_005	ensure each menu highlight when it is selected	1.login as employee 2.click on menu		each menu should highlight when it is selected
CCPS_dash_006	ensure the selected menu will highlight	1.login as employee 2.click on menu		the selected menu should highlight
	FUNCTIONALITY			
CCPS_dash_007	ensure dashboard page is opened while employee logged in	1.login as employee		dashboard page should opened while employee logged in
CCPS_dash_008	ensure dashboard page is opened while the employee click on the dashboard menu	1.login as employee 2.click on dashboard		dashboard page should opened while the employee click on the dashboard menu
CCPS_dash_009	verify employee status and details may change according to the employer updations	1.login as employee 2.take a look on dashboard		employee status and details should change according to the employer updations
CCPS_dash_010	verify more details in the company details section shows more details about experiance while it is clicked	1.login as employee 2.take a look on dashboard		more details in the company details section should shows more details about experiance while it is clicked
	Experience			
CCPS_dash_010	ensure the experience page will open when employee clicks on experience menu	1.login as employee 2.click on experience menu		ensure the experience page will open when employee clicks on experience menu
CCPS_dash_011	ensure the page layout is as per the user specifications	1.login as employee 2.click on experience menu 3.take alook on experience page		the page layout must be as per the user specifications
CCPS_dash_012	ensure the page shows correct content based on the employee experience	1.login as employee 2.click on experience menu 3.take alook on experience page		the page should shows correct content based on the employee experience
CCPS_dash_013	ensure get salary details redirect to salary revise page when it is clicked	1.login as employee 2.click on experience menu 3.click on get salary details		get salary details should redirect to salary revise page when it is clicked
CCPS_dash_014	ensure salary revise page shows the correct content and it's alignment is as per the user specifications	1.login as employee 2.click on experience menu 3.click on get salary details 4.take alook on salary revise page		salary revise page should shows the correct content and it's alignment is as per the user specifications
	CNAMGS			
CCPS_dash_015	ensure get CNAMGS details redirect to CNAMGS page when it is clicked	1.login as employee 2.click on get CNAMGS details in experience page		get CNAMGS details should redirect to CNAMGS page when it is clicked
CCPS_dash_016	enusre the CNAMGS page will open when employee click on CNAMGS menu	1.login as employee 2.click on CNAMGS menu		the CNAMGS page should open when employee click on CNAMGS menu
CCPS_dash_017	ensure the CNAMGS page shows the correct content and it's alignments are as per the user specifications	1.login as employee 2.click on CNAMGS menu 3.take a look on CNAMGS page		the CNAMGS page should shows the correct content and it's alignments are as per the user specifications
CCPS_dash_018	ensure more company details link in the CNAMGS page redirect to company details page while it is clicked	1.login as employee 2.click on CNAMGS menu 3.click on more company details		more company details link in the CNAMGS page should redirect to company details page while it is clicked
CCPS_dash_019	ensure the employee can download the pdf files from CNAMGS page	1.login as employee 2.click on CNAMGS menu 3.click on pdf files		the employee can download the pdf files from CNAMGS page
	CNSS			
CCPS_dash_020	ensure get CNSS details redirect to manage cnss page when it is clicked	1.login as employee 2.click on get CNSS details in experience page		get CNSS details should redirect to manage cnss page when it is clicked
CCPS_dash_021	enusre the CNSS page will open when employee click on CNSS menu	1.login as employee 2.click on CNSS menu		the CNSS page should open when employee click on CNSS menu
CCPS_dash_022	ensure the CNSS page shows the correct content and it's alignments are as per the user specifications	1.login as employee 2.click on CNSS menu 3.take a look on CNSS page		the CNSS page should shows the correct content and it's alignments are as per the user specifications

CCPS_dash_023	ensure more company details link in the CNSS page redirect to company details page while it is clicked	1.login as employee 2.click on CNSS menu 3.click on more company details		more company details link in the CNSS page should redirect to company details page while it is clicked		
CCPS_dash_024	ensure the employee can download the pdf files from CNSS page	1.login as employee 2.click on CNSS menu 3.click on pdf files		the employee can download the pdf files from CNSS page		
	FOOTER SECTION					
CCPS_dash_025	ensure the text are aligned properly and spelling are correct in footer section	1.login as employee 2.take a look on footer section		the text are must be aligned properly and spelling are correct in footer section		
CCPS_dash_026	ensure the CCPS logo will redirect to login page when it is clicked	1.login as employee 2.click on CCPS logo in the footer section		the CCPS logo should redirect to login page when it is clicked		
CCPS_dash_027	ensure dependants page will open when the employee cilck on dependants	1.login as employee 2.click on dependants in the footer section		dependants page should open when the employee cilck on dependants		
CCPS_dash_028	ensure experience will open when the employee click on experience	1.login as employee 2.click on experience in the footer section		experience should open when the employee click on experience		
CCPS_dash_029	ensure CNSS page will open when the employee click on CNSS	1.login as employee 2.click on CNSS in the footer section		CNSS page should open when the employee click on CNSS		
CCPS_dash_030	ensure CNAMGS page will open when the employee click on CNAMGS	1.login as employee 2.click on CNAMGS in the footer section		CNAMGS page should open when the employee click on CNAMGS		
CCPS_dash_031	ensure the CLIKAFRIK logo will redirect to its website when it is clicked	1.login as employee 2.click on CLIKAFRIK logo in the footer section		the CLIKAFRIK logo should redirect to its website when it is clicked		
	Message, contact & whatsapp					
CCPS_dash_032	ensure the chat icon is present and properly placed	1.Open the website		the chat icon should present and properly placed		
CCPS_dash_033	ensure the contact and whatsapp icon is present and properly placed	1.Open the website		the contact and whatsapp icon should present and properly placed		
CCPS_dash_034	ensure the message filling form is open when message icon is clicked	1.Open the website 2.click on message icon		the message filling form should open when message icon is clicked		
CCPS_dash_035	ensure the name field shows validation when it is blank	1.Open the website 2.click on message icon 3.click submit button without entering anything on name field		the name field should shows validation when it is blank		
CCPS_dash_036	ensure the name field accept alphabetic characters only	1.Open the website 2.click on message icon 3.enter alphabetic characters on name field		the name field should accept alphabetic characters only		
CCPS_dash_037	ensure the name field should not accept numeric characters and special characters	1.Open the website 2.click on message icon 3.enter numeric and special characters on name field		the name field should not accept numeric characters and special characters		
CCPS_dash_038	ensure the name field accept spaces	1.Open the website 2.click on message icon 3.enter spaces on name field		the name field can accept spaces		
CCPS_dash_039	enusre the name field shows validation when the field contain only spaces	1.Open the website 2.click on message icon 3.enter only spaces on name field		the name field should shows validation when the field contain only spaces		
CCPS_dash_040	check if the email field is accessible by clicking on the email field	1.Open the website 2.click on message icon 3.click on email field		the email field is should accessible by clicking on the email field		
CCPS_dash_041	check if the user can type the email in the email field	1.Open the website 2.click on message icon 3.type characters		the user can type the email in the email field		
CCPS_dash_042	check whether the user can paste the email id address by the keyboard and mouse	1.Open the website 2.click on message icon 3.copy/cut and paste email		the user can paste the email id address by the keyboard and mouse		
CCPS_dash_043	check whether the email validations are applied to the email field or not when it is blank	1.Open the website 2.click on message icon 3.click on submit button without entering the email		check whether the email validations are should applied to the email field when it is blank		

CCPS_dash_044	check if the error messages display when the user enters an invalid email address	1.Open the website 2.click on message icon 3.enter invalid email on email field		check if the error messages should display when the user enters an invalid email address

CCPS_dash_061	ensure the associated app will open when the call icon is clicked	1.Open the website 2.Click on call icon		the associated app should open when the call icon is clicked		
CCPS_dash_062	ensure the whatsapp will open when whatsapp icon is clicked	1.Open the website 2.Click on whatsapp icon		the whatsapp should open when whatsapp icon is clicked		
NOTIFICATIONS						

		DESIGN						
CCPS_noti_001	ensure the notification page layout is as per the user specifications	1.signin as employee 2.click on notification menu 3.take a look on notification page			the notification page layout is must be as per the user specifications			
CCPS_noti_002	ensure the notification content's language is changed according to the language selection	1.signin as employee 2.click on notification menu 3.change language			the notification content's language must be changed according to the language selection			
		FUNCTIONALITY						
CCPS_noti_003	ensure the notifications will show when the employer click notification menu	1.signin as employee 2.click on notification menu 3.take a look on notification page			the notifications should show when the employer click notification menu			
CCPS_noti_004	verify user can search the notification	1.signin as employee 2.click on notification menu 3.search	CNSS declaration		user can search the notification			
CCPS_noti_005	verify the notification page only shows what the content is searched	1.signin as employee 2.click on notification menu 3.search 4.take a look on notifications			the notification page should only shows what the content is searched			
CCPS_noti_006	verify all the notification are displayed with corresponding date and time	1.signin as employee 2.click on notification menu 3.take a look on date and time			all the notification are should displayed with correspodning date and time			
CCPS_noti_007	ensure latest notification shown in the top	1.signin as employee 2.click on notification menu 3.take a look on notification page			latest notification should shown in the top			
CCPS_noti_008	ensure all notifications are displayed if there's an action that can be perfomed on it	1.signin as employee 2.click on notification menu 3.take a look on notification page			all notifications are should displayed if there's an action that can be perfomed on it			
CCPS_noti_009	ensure the page receive notifications when the employee is logged out	1.signin as employee 2.click on notification menu 3.take a look on notification page			the page should receive notifications when the employee is logged out			
CCPS_noti_010	verify the notifications in the notification page is shows seperately such as readed notification as one colour and unread notifications are in highlighted	1.signin as employee 2.click on notification menu 3.take a look on notification page			the notifications in the notification page should shows seperately such as readed notification as one colour and unread notifications are in highlighted			
CCPS_noti_011	check if the notification is delivered in different time zones	1.signin as employee 2.click on notification menu 3.take a look on notification page			the notification should delivered in different time zones			
				FAQ				
		DESIGN						
CCPS_faq_001	ensure the FAQ page layout is as per the user specifications	1.sign in as employee 2.click on FAQ menu 3.take a look on FAQ page			the FAQ page layout must be as per the user specifications			
CCPS_faq_002	ensure the FAQ page content's language is changed according to the language selection	1.sign in as employee 2.click on FAQ menu 3.change language			ensure the FAQ page content's language should changed according to the language selection			
CCPS_faq_003	ensure the faq head should be uppercase	1.sign in as employee 2.click on FAQ menu 3.take a look on FAQ page			the faq head should be uppercase			
		FUNCTIONALITY						
CCPS_faq_004	ensure the FAQ will show when the employer click FAQ menu	1.sign in as employee 2.click on FAQ menu 3.take a look on FAQ page			the FAQ should show when the employer click FAQ menu			
CCPS_faq_005	verify user can search the FAQ	1.sign in as employee 2.click on FAQ menu 3.search			user can search the FAQ			
CCPS_faq_006	verify the FAQ page only shows what the content is searched	1.sign in as employee 2.click on FAQ menu 3.search 4.take a look on FAQ page			the FAQ page should only shows what the content is searched			

CCPS_faq_007	ensure the arrows in the each FAQ shows detailed content when it is clicked	1.sign in as employee 2.click on FAQ menu 3.click on arrow		the arrows in the each FAQ should shows detailed content whent it is clicked			
			DEPENDANTS				
CCPS_dep_001	ensure dependants page layout is as per the user specification	1.login as employee 2.click on dependants 3.take a look on dependants page		dependants page layout musi be as per the user specification			
CCPS_dep_002	ensure added dependants will listout	1.login as employee 2.click on dependants 3.take a look on dependants page		added dependants should listout on dependants page			
CCPS_dep_003	ensure add dependants button highlight when mouse over on it	1.login as employee 2.click on dependants 3.mouse over to add dependants button		add dependants button should highlight when mouse over on it			
CCPS_dep_004	ensure the text and spelling should correct in add dependants button	1.login as employee 2.click on dependants 3.take a look on dependants page		the text and spelling should correct in add dependants button			
CCPS_dep_005	ensure mouse pointer change when mouse over to the view more	1.login as employee 2.click on dependants 3.mouse over to view more		mouse pointer should change when mouse over to the view more			
CCPS_dep_006	check whether add dependants page will open when add dependants button is clicked	1.login as employee 2.click on dependants 3.click on add dependants page		add dependants page should open when add dependants button is clicked			
	Add dependants						
	DESIGN						
CCPS_dep_007	check all the fields are displaying	1.login as employee 2.click on dependants 3.take a look on dependants page		all the fields are must displaying			
CCPS_dep_008	check whether the label text is properly dispalyed or not	1.login as employee 2.click on dependants 3.take a look on dependants page		the label text is should properly dispalyed			
CCPS_dep_009	check whether the placeholder is properly displayed or not	1.login as employee 2.click on dependants 3.click on each fields 3.take a look on clicked fields		the placeholder should properly displayed			
CCPS_dep_010	check whether the alignment of the text fields are properly displayed or not	1.login as employee 2.click on dependants 3.take a look on dependants page		the alignment of the text fields are should properly displayed			
CCPS_dep_011	check whether the all the field are clickable or not	1.login as employee 2.click on dependants 3.click each fields		all the field are should clickable			
	FUNCTIONALITY						
	What is the nature of dependence?						
CCPS_dep_012	ensure the employee can click on dropdown button	1.login as employee 2.click on dependants 3.click on dropdown menu		the employee can click on dropdown button			
CCPS_dep_013	ensure dropdown listout all the items	1.login as employee 2.click on dependants 3.click on dropdown menu		dropdown should listout all the items			
CCPS_dep_014	ensure employee can select a particular item from the dropdown	1.login as employee 2.click on dependants 3.click on dropdown menu 4.select one item	mother	employee can select a particular item from the dropdown			
CCPS_dep_015	verify the selected item should shown in dropdown filed	1.login as employee 2.click on dependants 3.click on dropdown menu 4.select one item 5.take a look on dropdown field		the selected item should shown in dropdown filed			
CCPS_dep_016	ensure particular item will highlight when mouse over to the items in the dropdown	1.login as employee 2.click on dependants 3.click on dropdown menu 4.select one item		particular item should highlight when mouse over to the items in the dropdown			

		First Name					
CCPS_dep_017	check whether the user can click on the first name field or not	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on first name field			the user can click on the first name field		
CCPS_dep_018	check whether user can copy and paste the text in first name field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.cut/copy and paste first name on first name field			user can copy and paste the text in first name field		
CCPS_dep_019	check the user can remove text from the first name field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.remove name from first name field			the user can remove text from the first name field		
CCPS_dep_020	check whether entered values should be properly visible or not in first name field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter first name on first name field 5.take a look on first name field	Ruby		entered values should be properly visible in first name field		
CCPS_dep_021	ensure the first name field accept alphabets	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters on first name field	Ruby		the first name field should accept alphabets		
CCPS_dep_022	ensure the first name field shows error message when user enter numbers,special characters or spaces	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter special characters,numbers and spaces on first name field	RU!@#By 123		the first name field should shows error message when user enter numbers,special characters or spaces		
CCPS_dep_023	ensure the first name field shows validation when first name field become empty	1.login as employee 2.click on dependants menu 3.click on add dependants 4.submit page without enter first name			the first name field should shows validation when first name field become empty		
CCPS_dep_024	enusre the first name field should not accept characters morethan the limit	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters with morethan the limit on first name field			the first name field should not accept characters morethan the limit		
CCPS_dep_025	check the minimum length of characters in the first name filed	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters with lessthan the limit on first name field	Ru		the first name field should not accept characters lessthan the limit		
		Last Name					
CCPS_dep_026	check whether the user can click on the last name field or not	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on last name field			the user can click on the last name field		
CCPS_dep_027	check whether user can copy and paste the text in lastname field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.cut/copy and paste last name on first name field			user can copy and paste the text in lastname field		
CCPS_dep_028	check the user can remove text from the last name field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.remove name from last name field			the user can remove text from the last name field		
CCPS_dep_029	check whether entered values should be properly visible or not in last name field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter first name on first name field 5.take a look on last name field	Ebang		entered values should be properly visible in last name field		

CCPS_dep_030	ensure the last name field accept alphabets	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters on last name field	Ebang	the last name field should accept alphabets			
CCPS_dep_031	ensure the last name field shows validation when user enter numbers,special characters	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter special characters,numbers and spaces on last name field	Eba#$ ang123	the last name field should shows validation when user enter numbers,special characters			
CCPS_dep_032	ensure the last name field shows validation when last name field become empty	1.login as employee 2.click on dependants menu 3.click on add dependants 4.submit page without enter last name		the last name field should shows validation when last name field become empty			
CCPS_dep_033	enusre the last name field should not accept characters morethan the limit(50-100 characters)	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters with morethan the limit on last name field		the last name field should not accept characters morethan the limit			
CCPS_dep_034	enusre the last name field should not accept characters lessthan the limit(1-2 characters)	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter characters with lessthan the limit on last name field		the last name field should not accept characters lessthan the limit			
	Mobile Number						
CCPS_dep_035	verify the placeholder can placed on the mobile number while cilcking	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on mobile number field		the placeholder can placed on the mobile number while cilcking			
CCPS_dep_036	verify the mobile number field accept valid mobile number	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter valid mobile number on mobile number field	66633300	the mobile number field should accept valid mobile number			
CCPS_dep_037	verify user can copy and paste the mobile number	1.login as employee 2.click on dependants menu 3.click on add dependants 4.copy and paste mobile number on mobile number field		user can copy and paste the mobile number			
CCPS_dep_038	verify the mobile number field should accept numeric characters	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter only numbers on mobile number field	66633300	the mobile number field should accept numeric characters			
CCPS_dep_039	verify the mobile number field should not accept alphabetic characters	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter alphabets on mobile number field	abcd	the mobile number field should not accept alphabetic characters			
CCPS_dep_040	verify by entering the less number than the actual mobile number	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter mobile number with lessthan the min limit on mobile number field	6663	the page shows message when entering the less number than the actual mobile number			
CCPS_dep_041	verify by entering more digits than the actual mobile number	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter mobile number with morethan the max limit on mobile number field	666333000999	the page shows message when entering more digits than the actual mobile number			
CCPS_dep_042	verify the field accept the space between the numbers	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter spaces between numbers on mobile number field	666 333 00	the field should not accept the space between the numbers			

CCPS_dep_043	verify the mobile number field shows validation when it is blank	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on signup button without enter the mobile number			the mobile number field should shows validation when it is blank		
CCPS_dep_044	verify by adding only the spaces in the mobile number field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter only spaces on mobile number field			the page shows message when adding only the spaces in the mobile number field		
CCPS_dep_045	verify country code or flags are shown with the mobile number field or not	1.login as employee 2.click on dependants menu 3.click on add dependants 4.take a look on mobile number field			country code or flags are must shown with the mobile number field		
CCPS_dep_046	verify mobile number field accept special characters like +	1.login as employee 2.click on dependants menu 3.click on add dependants 4.enter special characters on mobile number field			mobile number field accept special characters like +		
	DOB						
CCPS_dep_047	verify user cannot enter dob	1.login as employee 2.click on dependants menu 3.click on add dependants 4.try to enter dob			user cannot enter dob		
CCPS_dep_048	ensure dob field displays calender option when employee click on the dob field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field			dob field should displays calender option when employee click on the dob field		
CCPS_dep_049	ensure employee can select particular year,month and date	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field 5.select a year,month and date		1995 April 18	employee can select particular year,month and date		
CCPS_dep_050	verify the employee should not select the year which less than the specified range	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field 5.select an year less than specified range			the employee should not select the year which less than the specified range		
CCPS_dep_051	verify the employee should not select the the year which is greater than the current year	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field 5.select an year greater than specified range			the employee should not select the the year which is greater than the current year		
CCPS_dep_052	ensure the content shown in the calander should change as per the language selection	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field 5.change language			the content shown in the calander should change as per the language selection		
CCPS_dep_053	ensure the selected date should shown in dob field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on dob field 5.take alook on dob field			the selected date should shown in dob field		
	Gender						
CCPS_dep_054	ensure the gender field displays the items in dropdown list	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on gender field			the gender field should displays the items in dropdown list		
CCPS_dep_055	ensure the employee can select particular item	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on gender field 5.select a particular item	Female		the employee can select particular item		

CCPS_dep_056	ensure the selected item should shown in gender field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on gender field 5.select a particular item		the selected item should shown in gender field	
CCPS_dep_057	ensure the user can't select more than one items at a time	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on gender field 5.select a morethan one item		the user cant select more than one items at a time	
	Marital status				
CCPS_dep_058	ensure the marital status field displays the items in dropdown list	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on marital status field		the marital status field should displays the items indropdown list	
CCPS_dep_059	ensure the employee can select particular item	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on marital status field 5.select a particular item	unmarried	the employee can select particular item	
CCPS_dep_060	ensure the selected item should shown in the marital status field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on marital status field 5.select a particular item		the selected item should shown in the marital status field	
CCPS_dep_061	ensure the employee can select only one item from the list	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on marital status field 5.select a morethan one item		the employee can select only one item from the list	
	Occupation				
CCPS_dep_062	ensure the occupation field displays the items in dropdown list	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on occupation field		the occupation field should displays the items in dropdown list	
CCPS_dep_063	ensure the employee can select particular item	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on occupation field 5.select a particular item	Employee	the employee can select particular item	
CCPS_dep_064	ensure the selected item should shown in the occupation field	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on occupation field 5.select a particular item		the selected item should shown in the occupation field	
CCPS_dep_065	ensure the employee can select only one item from the list	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on occupation field 5.select a morethan one item		the employee can select only one item from the list	
	Uploads				
CCPS_dep_066	ensure employee can upload supported files	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on uploads field 5.select one supported file		employee can upload supported files	
CCPS_dep_067	ensure employee should not upload unsupported files	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on uploads field 5.select one unsupported file		employee should not upload unsupported files	

CCPS_dep_068	ensure the dependants page shows validation when the fields become blank	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on next button without filling all fields		the dependants page should shows validation when the fields become blank			
CCPS_dep_069	ensure the dependants page shows validation when employee enter invalid data	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on next button with fields contain invalid data		the dependants page should shows validation when employee enter invalid data			
CCPS_dep_070	ensure the sumbit button redirect to details show page			the submit button should redirect to details show page			
CCPS_dep_071	verify the back button redirect the page move back to dependants page			the back button should redirect the page move back to dependants page			
CCPS_dep_072	ensure the next button should redirect to details show page	1.login as employee 2.click on dependants menu 3.click on add dependants 4.fill all fiels with valid data 5.enter next		the next button should redirect to details show page			
CCPS_dep_073	ensure the correction button redirect to dependants page and employee can make updations	1.login as employee 2.click on dependants menu 3.click on add dependants 4.fill all fiels with valid data 5.enter next 6.enter corrections button		the correction button should redirect to dependants page and employee can make updations			
CCPS_dep_074	ensure the done button working fine or not	1.login as employee 2.click on dependants menu 3.click on add dependants 4.fill all fiels with valid data 5.enter next 6.enter done		the done button should working fine			
CCPS_dep_075	ensure the added dependants will shown in dependants page	1.login as employee 2.click on dependants menu 3.click on add dependants 4.fill all fiels with valid data 5.enter next 6.enter done 7.take a look on dependants page		the added dependants should shown in dependants page			
CCPS_dep_076	ensure the view more will show dependants detail page	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on view more		the view more should show dependants detail page			
CCPS_dep_077	ensure back button redirect to dependants page	1.login as employee 2.click on dependants menu 3.click on add dependants 4.click on view more 5.click on back button		back button should redirect to dependants page			
CONTACT							
	DESIGN						
CCPS_Contact_001	ensure the contact page layout is as per the user specifications	1.sign in as employee 2.click on contact menu 3.take alook on contact page		the contact page layout is must be as per the user specifications			
CCPS_Contact_002	ensure the content's language will change according to the language selection	1.sign in as employee 2.click on contact menu 3.change the language		the content's language should change according to the language selection			
CCPS_Contact_003	ensure the animated form placed correctly without lagging	1.sign in as employee 2.click on contact menu 3.take alook on contact page		the animated form should placed correctly without lagging			
	FUNCTIONALITY						
CCPS_Contact_004	ensure the email is open while click on email id	1.sign in as employee 2.open contact page 3.click on email link		the email should open while click on email id			

CCPS_Contact_005	ensure facebook page will open while click on facebook icon	1.sign in as employee 2.open contact page 3.click on facebook icon		facebook page should open while click on facebook icon			
CCPS_Contact_006	ensure instagram page is open while click on instagram icon	1.sign in as employee 2.open contact page 3.click on instagram icon		instagram page should open while click on instagram icon			
CCPS_Contact_007	ensure linkedin page is open while click on icon	1.sign in as employee 2.open contact page 3.click on linkedin icon		linkedin page should open while click on icon			
CCPS_Contact_008	ensure name field accept alphabetic characters and spaces	1.sign in as employee 2.open contact page 3.enter alphabets and spaces in name field	Cilia Alfred	name field should accept alphabetic characters and spaces			
CCPS_Contact_009	verify name field accept special characters and numbers	1.sign in as employee 2.open contact page 3.enter special characters and numbers in name field	Cilia!@# !@ 1223	name field shouldn't accept special characters and numbers			
CCPS_Contact_010	ensure name field shows validation when it is blank	1.sign in as employee 2.open contact page 3.enter button without filling name		name field should shows validation when it is blank			
CCPS_Contact_011	ensure the name field shows validation by only entering spaces	1.sign in as employee 2.open contact page 3.enter only spaces		the name field should shows validation by only entering spaces			
CCPS_Contact_012	verify the maximum(50-100) and minimum(1-2) length of name field	1.sign in as employee 2.open contact page 3.enter minimum characters and maximum characters		the maximum and minimum length of name field is must be as per the user specification			
CCPS_Contact_013	check if the user can type the email in the email field	1.sign in as employee 2.open contact page 3.enter email in email field	cilia@gmail.com	the user can type the email in the email field			
CCPS_Contact_014	check whether the user can paste the email id address by the keyboard and mouse	1.sign in as employee 2.open contact page 3.cut/copy paste email in email field		the user can paste the email id address by the keyboard and mouse			
CCPS_Contact_015	check whether the email validations are applied to the email field or not when it is blank	1.sign in as employee 2.open contact page 3.enter button without enter email in email field		the email validations are should applied to the email field or not when it is blank			
CCPS_Contact_016	check if the error messages display when the user enters an invalid email address	1.sign in as employee 2.open contact page 3.enter invalid email in email field	cilia123@alfred@gmail.com	the error messages should display when the user enters an invalid email address			
CCPS_Contact_017	check the email field by entering a valid email address	1.sign in as employee 2.open contact page 3.enter valid email in email field	cilia@gmail.com	the email field should accept a valid email address			
CCPS_Contact_018	check if the email address contains a @ or not	1.sign in as employee 2.open contact page 3.enter email with and withot @ in email field	cilia@gmail.com / ciliagmail.com	the email address should contains a @ symbol			
CCPS_Contact_019	verify the placeholder can placed on the mobile number while cilcking	1.sign in as employee 2.open contact page 3.click on mobile number field		the placeholder can placed on the mobile number while cilcking			
CCPS_Contact_020	verify the mobile number field accept valid mobile number	1.sign in as employee 2.open contact page 3.enter valid mobile number	6663300	the mobile number field should accept valid mobile number			
CCPS_Contact_021	verify user can copy and paste the mobile number	1.sign in as employee 2.open contact page 3.cut/copy and paste mobile number		user can copy and paste the mobile number			
CCPS_Contact_022	verify the mobile number field should accept numeric characters	1.sign in as employee 2.open contact page 3.enter numbers in mobile number	66633300	the mobile number field should accept numeric characters			
CCPS_Contact_023	verify the mobile number field should not accept alphabetic characters	1.sign in as employee 2.open contact page 3.enter alphabets in mobile number	abcdef	the mobile number field should not accept alphabetic characters			

CCPS_Contact_024	verify by entering the less number than the actual mobile number	1.sign in as employee 2.open contact page 3.enter numbers lessthan the actual mobile number	6663	page should shows validation when entering the less number than the actual mobile number			
CCPS_Contact_025	verify by entering more digits than the actual mobile number	1.sign in as employee 2.open contact page 3.enter numbers greaterthan the actual mobile number	6663330088999	page should shows validation when entering more digits than the actual mobile number			
CCPS_Contact_026	verify the field accept the space between the numbers	1.sign in as employee 2.open contact page 3.enter mobile number with spaces	66 633 300	the field should accept the space between the numbers

CCPS_ad_loginotp_17	check if the incorrect OTP is rejected	1.admin login 2.enter incorrect OTP	--		the incorrect OTP should rejected		
CCPS_ad_loginotp_18	check if the user can request another OTP if the first OTP was not entered correctly	1.admin login 2.enter resend	--		the user can request another OTP if the first OTP was not entered correctly		
CCPS_ad_loginotp_19	check the OTP field by entering alphabets	1.admin login 2.enter alphabets	--		the OTP field should not accept alphabets		
CCPS_ad_loginotp_20	check if the user can resend OTP if it was not received	1.admin login 2.enter resend	--		the user can resend OTP if it was not received		
CCPS_ad_loginotp_21	check if the user is locked out after a certain number of invalid OTP attempts	1.admin login 2.enter invalid OTP multiple times	--		the user should locked out after a certain number of invalid OTP attempts		
CCPS_ad_loginotp_22	ensure the done button redirect to get started page after OTP verification success	1.admin login 2.enter done	--		the done button should redirect to get started page after OTP verification success		
	BIOMETRIC AUTHENTICATION						
	DESIGN						
CCPS_ad_bio_01	ensure the biometric authentication page design is as per the user specification	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the biometric authentication page design is must be as per the user specification		
CCPS_ad_bio_02	ensure the CCPS logo is clear	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the CCPS logo must be clear		
CCPS_ad_bio_03	ensure the CNSS logo attached with CCPS logo and check whether it is clear or not				the CNSS logo should attached with CCPS logo and it must be clear		
CCPS_ad_bio_04	ensure the biometric authentication field properly placed or not	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the biometric authentication field should properly placed		
CCPS_ad_bio_05	ensure the CLIKAFRIK logo is clear	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the CLIKAFRIK logo must be clear		
	FUNCTIONALITY						
CCPS_ad_bio_06	ensure the biometric verification is success by registered finger	1.admin login 2.successful login 3.OTP verified 4.apply registered finger	--		the biometric verification should success by registered finger		
CCPS_ad_bio_07	ensure the biometric verification is not possible while using non registerd fingers	1.admin login 2.successful login 3.OTP verified 4.apply non registered finger	--		the biometric verification should not possible while using non registerd fingers		
CCPS_ad_bio_08	swipe registered hand in up-to-down,down-to-up,right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc	1.admin login 2.successful login 3.OTP verified 4.swipe registered hand in up-to-down,down-to-up,right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc	--		the biometric verification should not possible by swipe registered hand in up-to-down,down-to-up,right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc		

CCPS_ad_bio_09	ensure the biometric authentication not possible with palm of hand	1.admin login 2.successful login 3.OTP verified 4.apply palm of hand	--	the biometric authentication should not possible with palm of hand		
CCPS_ad_bio_10	ensure biometric authentication is not possible with back of the registered finger	1.admin login 2.successful login 3.OTP verified 4.apply back of the registered finger	--	biometric authentication is not possible with back of the registered finger		
CCPS_ad_bio_11	ensure the page redirect to dashboard after successfull biometric authentication	1.admin login 2.successful login 3.OTP verified 4.click on biometric authentication	--	the page redirect to dashboard after successfull biometric authentication		
	DASHBOARD HEADER SECTION					
	DESIGN					
CCPS-ad_header_01	ensure the fields in the header section properly placed	1.admin login 2.take a look on dashboard		the fields in the header section should properly placed		
CCPS-ad_header_02	ensure CNSS logo is attached with CCPS logo after successful CNSS admin login	1.admin login 2.take a look on logo section		CNSS logo should attached with CCPS logo after successful CNSS admin login		
CCPS-ad_header_03	ensure CNSS logo is clear and aligned properly	1.admin login 2.take a look on logo section		CNSS logo should clear and aligned properly		
	FUNCTIONALITY					
	PROFILE					
CCPS-ad_header_02	ensure the admin can view profile by clicking name field	1.admin login 2.click on name	--	the admin can view profile by clicking name field		
CCPS-ad_header_03	verify admin can edit the profile page	1.admin login 2.click on name 3.click on edit account	--	admin can edit the profile page		
CCPS-ad_header_04	verify the admin profile page shows the correct contents	1.admin login 2.click on name 3.take a look on profile page	--	the admin profile page should shows the correct contents		
CCPS-ad_header_05	verify the edited contents are updated in the profile page	1.admin login 2.click on name 3.take a look on profile page	--	the edited contents are should updated in the profile page		
	FAQ					
CCPS-ad_header_06	ensure the FAQ page is open when the admin click on FAQ icon	1.admin login 2.click on FAQ	--	the FAQ page should open when the admin click on FAQ icon		
CCPS-ad_header_07	verify the unread number will change after the admin open the FAQ page	1.admin login 2.take a look on FAQ menu	--	the unread number should change after the admin open the FAQ page		
CCPS-ad_header_08	ensure the FAQ page layout is as per the customer specifications	1.admin login 2.take a look on FAQ page	--	the FAQ page layout is must be as per the customer specifications		
CCPS-ad_header_09	ensure the contents in the FAQ page shows in particular language as per the language selection	1.admin login 2.click on FAQ 3.change language	--	the contents in the FAQ page should show in particular language as per the language selection		
CCPS-ad_header_10	verify the date and time format	1.admin login 2.take a look on FAQ page	--	the date and time format should as per the customer specification		
	NOTIFICATIONS					
CCPS-ad_header_11	ensure the notification page is open when the admin click on notification menu	1.admin login 2.click on notification menu	--	the notification page should open when the admin click on notification menu		
CCPS-ad_header_12	verify the unread notification's number will vary according to the notification updations	1.admin login 2.take a look on notification menu	--	the unread notification's number should vary according to the notification updations		
CCPS-ad_header_13	verify user can view notification	1.admin login 2.click on notification menu	--	user can view notification		
CCPS-ad_header_14	verify notifications page layout is as per the user specifications	1.admin login 2.click on notification menu 3.take a look on notification page	--	notifications page layout is must be as per the user specifications		
CCPS-ad_header_15	ensure the contents in the notification page will change according to the language selection	1.admin login 2.click on notification menu 3.change language	--	the contents in the notification page should change according to the language selection		

CCPS-ad_header_16	verify the date and time format	1.admin login 2.click on notification menu 3.take a look on notification page	--	the date and time format should as per the customer specification			
	LANGUAGE CHANGE						
CCPS-ad_header_17	verify admin can change the language by clicking on the language icon	1.admin login 2.click on language change icon	--	admin can change the language by clicking on the language icon			
CCPS-ad_header_18	ensure the page language will change according to the language selection	1.admin login 2.click on language change icon 3.take a look on selected page	--	the page language should change according to the language selection			
CCPS-ad_header_19	ensure the selected language should shown in the language selected menu field	1.admin login 2.click on language change icon 3.take a look on language change icon	--	the selected language should shown in the language selected menu field			
		WELCOME/DASHBOARD page					
	DESIGN						
CCPS_ad_welcome_01	ensure the dashboard layout is as per the user specifications	1.admin login 2.click on dashboard 3.take a look on dashboard		the dashboard layout is must be as per the user specifications			
CCPS_ad_welcome_02	ensure the welcome menu is selected and highlighted when it is selected			the welcome menu is must be selected and highlighted when it is selected			
CCPS_ad_welcome_03	ensure the dashboard menu is selected and highlighted when it is selected			the dashboard menu is must be selected and highlighted when it is selected			
CCPS_ad_welcome_03	ensure the all queries icon and number is given and properly placed	1.admin login 2.click on dashboard 3.take a look on all queries icon		all queries icon and number should given and properly placed			
CCPS_ad_welcome_04	ensure the completed request icon graph shows the correct content according to the completed requests	1.admin login 2.click on dashboard 3.take a look on all completed request icon		the completed request icon graph should shows the correct content according to the completed requests			
CCPS_ad_welcome_05	ensure the requests rejected icon graph shows the correct content according to the rejected requests	1.admin login 2.click on dashboard 3.take a look on requests rejected icon		the requests rejected icon graph should shows the correct content according to the rejected requests			
CCPS_ad_welcome_06	ensure the current requests icon graph shows the correct content according to the current requests	1.admin login 2.click on dashboard 3.take a look on current requests icon		the current requests icon graph should shows the correct content according to the current requests			
CCPS_ad_welcome_07	ensure the business enroll field properly placed and its alignment is ok or not	1.admin login 2.click on dashboard 3.take a look on business enroll field		the business enroll field should properly placed and its alignment should fine			
CCPS_ad_welcome_08	verify the mouse arrow change when the mouse over to the business enroll button			the mouse arrow should change when the mouse over to the business enroll button			
CCPS_ad_welcome_09	ensure the report history field properly placed and its alignment is ok or not			the report history field should properly placed and its alignment must be ok			
CCPS_ad_welcome_10	verify the mouse arrow change when the mouse over to the know more button			the mouse arrow should change when the mouse over to the know more button			
CCPS_ad_welcome_11	ensure the enlisted employees content properly shown or not			the enlisted employees content should properly shown			
CCPS_ad_welcome_12	verify the serial number head shown as SL No.			the serial number head should shown as SL No.			
CCPS_ad_welcome_13	ensure the scroll option is given for enlisted employee table			the scroll option should given for enlisted employee table			
CCPS_ad_welcome_14	ensure recipe history graph shown correct content according to the recipe history			recipe history graph should shown correct content according to the recipe history			
CCPS_ad_welcome_15	verify the graph will vary according to the history			the graph should vary according to the history			
CCPS_ad_welcome_16	verify the correct FCFA will shown in the graph			the correct FCFA should shown in the graph			
CCPS_ad_welcome_17	ensure the recipes from the CNSS agency list placed properly and alignment is ok or not			the recipes from the CNSS agency list should placed properly and alignment should fine			
CCPS_ad_welcome_18	verify the admin can filter the recipes from the CNSS agency based on criterias			the admin can filter the recipes from the CNSS agency based on criterias			
CCPS_ad_welcome_19	verify mother account transactions list will shows correct content an algnment is ok or not			verify mother account transactions list should shows correct content an alignment should fine			

CCPS_ad_welcome_20	verify pending list will listout on pending list field and its alignment is ok or not	1.admin login 2.click on dashboard 3.take a look on pending list field		pending list should listout on pending list field and its alignment is ok or not		
	FUNCTIONALITY					
CCPS_ad_welcome_20	verify admin can view all business enrolls by clicking view all link in the business enroll section	1.admin login 2.dashboard 3.click on view all in business enroll field		admin can view all business enrolls by clicking view all link in the business enroll section		
CCPS_ad_welcome_21	ensure verify enroll will redirect to approval page when it is clicked	1.admin login 2.dashboard 3.click on verify enroll in business enroll field		verify enroll should redirect to approval page when it is clicked		
CCPS_ad_welcome_22	ensure know more will redirect to reprt history page when it is clicked			know more should redirect to report history page when it is clicked		
CCPS_ad_welcome_23	verify admin can scroll to left and ro right by using the scroll bar			admin can scroll to left and to right by using the scroll bar		
CCPS_ad_welcome_24	verify the learn more link will redirect to corresponding page when it is clicked			the learn more link should redirect to corresponding page when it is clicked		
CCPS_ad_welcome_25	ensure admin can view particular data by choosing date from organize by date			admin can view particular data by choosing date from organize by date		
CCPS_ad_welcome_26	ensure admin can view particular data by applying filters			admin can view particular data by applying filters		
CCPS_ad_welcome_27	verify admin can view the details by clicking see the deatails link in the mother account transactions			admin can view the details by clicking see the deatails link in the mother account transactions		
CCPS_ad_welcome_28	ensure the admin can download the files			the admin can download the files		
CCPS_ad_welcome_29	verify the admin can view all mother account details by choosing see everything option			the admin can view all mother account details by choosing see everything option		
CCPS_ad_welcome_30	verify admin can view only limited accounts by selecting see less			admin can view only limited accounts by selecting see less		
CCPS_ad_welcome_31	verify know more button redirect to pending list detail page	1.admin login 2.dashboard 3.click on know more in business enroll field		know more button should redirect to pending list detail page		
	BUSINESS ENROLL	MANAGE ID ACTIVATION				
CCPS_ad_enroll_01	ensure dropdown will show the sub menus when the manage id activation menu is clicked	1.admin login 2.click on manage id activation		dropdown should show the sub menus when the manage id activation menu is clicked		
CCPS_ad_enroll_02	ensure the sub menus highlighted when mouse over to the menus	1.admin login 2.click on manage id activation 3.take a look on sub menus		the sub menus must be highlighted when mouse over to the menus		
CCPS_ad_enroll_03	ensure the pending menu shows the number of pending requests	1.admin login 2.click on manage id activation 3.take a look on sub menus		the pending menu should shows the number of pending requests		
CCPS_ad_enroll_04	ensure the pending list will open when pending menu clicked	1.admin login 2.click on manage id activation 3.click on pending		the pending list should open when pending menu clicked		
CCPS_ad_enroll_05	ensure the rejected requests list will open when reject menu clicked	1.admin login 2.click on manage id activation 3.click on rejected		the rejected requests list should open when reject menu clicked		
CCPS_ad_enroll_06	ensure the approved requests list will open when the approved menu is clicked	1.admin login 2.click on manage id activation 3.click on approved		the approved requests list should open when the approved menu is clicked		
	Pending List					
	DESIGN					
CCPS_ad_enroll_07	ensure the business enroll head design and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on head		the business enroll head design and font is must be userfriendly		
CCPS_ad_enroll_08	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on business images		the business images should shown with the business details		

CCPS_ad_enroll_09	ensure business name and details spelled correctly or not and check the alignment is ok or not	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on page		business name and details should spelled correctly and the alignment should fine	
CCPS_ad_enroll_10	ensure verify enroll button is highlighted when the mouse over to the button	1.admin login 2.click on manage id activation 3.click on pending 4.mouse over to the verify enroll button		verify enroll button is must be highlighted when the mouse over to the button	
	FUNCTIONALITY				
CCPS_ad_enroll_11	ensure verify enroll button will redirect to business enroll from page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll		verify enroll button should redirect to business enroll from page	
CCPS_ad_enroll_12	ensure reject button shows a push for reject confirmation	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject		reject button should shows a push for reject confirmation	
CCPS_ad_enroll_13	ensure the no will close the push when it is clicked	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on no		the no should close the push when it is clicked	
CCPS_ad_enroll_14	ensure the admin can download the file	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on download file		the admin can download the file	
CCPS_ad_enroll_15	ensure yes will redirect to rejet reason page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes		yes should redirect to rejet reason page	
CCPS_ad_enroll_16	verify the reject reason textbox will accept alphanumeric and special characters	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes 7.enter characters	your ID is rejected on 15/12/2023 becuase !@#$` ....??	the reject reason textbox should accept alphanumeric and special characters	
CCPS_ad_enroll_18	ensure the rejected forms is removed from the business enroll list	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.reject 6.take a look on pending list page		the rejected forms should removed from the business enroll list	
CCPS_ad_enroll_19	ensure the reject button redirect to rejected request detail page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes 7.click on reject		the reject button should redirect to rejected request detail page	
CCPS_ad_enroll_20	ensure user can scroll the reject reason page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.reject 6.scroll reject reason page		user can scroll the reject reason page	

CCPS_ad_enroll_21	ensure approve button shows a push for approve confirmation	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button		approve button should shows a push for approve confirmation		
CCPS_ad_enroll_22	ensure the no will close the push when it is clicked	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on no		the no should close the push when it is clicked		
CCPS_ad_enroll_23	ensure yes will redirect to approve success page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on yes		yes should redirect to approve success page		
CCPS_ad_enroll_24	ensure return to main menu page will redirect to dashboard			return to main menu page should redirect to dashboard		
CCPS_ad_enroll_25	ensure ok button redirect to approved request's detail page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on yes 7.click on ok		ok button should redirect to approved request's detail page		
CCPS_ad_enroll_26	ensure the admin can download the file	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.approve 6.click on download fiel		the admin can download the file		
CCPS_ad_enroll_27	ensure the CNSS is added to employer page after the admin approval	1.admin login 2.approve pending request		the CNSS should added to employer page after the admin approval		
	Rejected List					
CCPS_ad_enroll_28	ensure the rejected list shows the list of rejected requests	1.admin login 2.click on manage id activation 3.click on rejected		the rejected list should shows the list of rejected requests		
CCPS_ad_enroll_29	ensure the page head design and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on head		the page head design and font is must be userfriendly		
CCPS_ad_enroll_30	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on business images		the business images should shown with the business details		
CCPS_ad_enroll_31	ensure business name and details spelled correctly or not and check the alignment is ok or not	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on business name field		business name and details should spelled correctly and the alignment should fine		
CCPS_ad_enroll_32	ensure view more button is highlighted when the mouse over to the button	1.admin login 2.click on manage id activation 3.click on rejected 4.mouse over to the view more button		verify view more button is must be highlighted when the mouse over to the button		
CCPS_ad_enroll_33	ensure view more button shows rejected request's detail page when it is clicked	1.admin login 2.click on manage id activation 3.click on rejected 4.click on view more button		view more button should shows rejected request's detail page when it is clicked		
CCPS_ad_enroll_34	ensure the rejected page layout is perfect or not	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on rejected detail page		the rejected page layout should perfect		
	Approved List					

CCPS_ad_enroll_35	ensure the approved list shows the list of approved requests	1.admin login 2.click on manage id activation 3.click on approved menu		the approved list should shows the list of approved requests
CCPS_ad_enroll_36	ensure the page head design and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on head		the page head design and font is must be userfriendly
CCPS_ad_enroll_37	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on business images		the business images should shown with the business details
CCPS_ad_enroll_38	ensure business name and details spelled correctly or not and check the alignment is ok or not	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on business name field		business name and details should spelled correctly and the alignment should fine
CCPS_ad_enroll_39	ensure verify view more button is highlighted when the mouse over to the button	1.admin login 2.click on manage id activation 3.click on approved menu 4.mouse over to the view more button		verify view more button is must be highlighted when the mouse over to the button
CCPS_ad_enroll_40	ensure view more button shows approved request's detail page	1.admin login 2.click on manage id activation 3.click on approved menu 4.click on view more button		view more button should shows approved request's detail page
CCPS_ad_enroll_41	ensure the approved page layout is perfect or not	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on rejected detail page		the approved page layout should perfect
FORMS MANNAGE QUARTERLY DICLARATIONS(DTS)				
CCPS_ad_forms_01	ensure dropdown will show the sub menus when the manage quarterly declarations menu is clicked	1.admin login 2.click on manage quarterly declarations		dropdown should show the sub menus when the manage quarterly declarations menu is clicked
CCPS_ad_forms_02	ensure the sub menus highlighted when mouse over to the menus	1.admin login 2.click on manage quarterly declarations 3.take a look on sub menus		the sub menus must be highlighted when mouse over to the menus
CCPS_ad_forms_03	ensure the pending DTS menu shows the number of pending declarations	1.admin login 2.click on manage quarterly declarations 3.take a look on sub menus		the pending DTS menu should shows the number of pending declarations
CCPS_ad_forms_04	ensure the pending DTS list will open when pending DTS menu clicked	1.admin login 2.click on manage quarterly declarations 3.click on pending DTS		the pending DTS list should open when pending DTS menu clicked
CCPS_ad_forms_05	ensure the rejected DTS list will open when rejected DTS menu clicked	1.admin login 2.click on manage quarterly declarations 3.click on rejected DTS		the rejected DTS list should open when reject menu clicked
CCPS_ad_forms_06	ensure the approved DTS list will open when the approved DTS menu is clicked	1.admin login 2.click on manage quarterly declarations 3.click on approved DTS		the approved DTS list should open when the approved DTS menu is clicked
CCPS_ad_forms_07	ensure the completed DTS list will open when the completed DTS menu is clicked	1.admin login 2.click on manage quarterly declarations 3.click on completed DTS		the completed DTS list should open when the completed DTS menu is clicked
	Pending DTS List			
	DESIGN			
CCPS_ad_forms_08	ensure the request forms heads design and font is userfriendly or not			the request forms heads design and font should userfriendly
CCPS_ad_forms_09	ensure the DTS pending heads design and font is userfriendly or not	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on head		the DTS pending heads design and font should be userfriendly
CCPS_ad_forms_10	ensure the search field icon and text is visible or not	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on search field		the search field icon and text is should visible

CCPS_ad_forms_11	ensure the organize by date field icon and text is clearly visible or not	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on organize by date field			the organize by date field icon and text is should clearly visible		
CCPS_ad_forms_12	ensure the sort field icon and text is clearly visible or not	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on sort field			the sort field icon and text is should clearly visible		
CCPS_ad_forms_13	ensure the request forms page layout is as per the user specification				the request forms page layout must be as per the user specification		
CCPS_ad_forms_14	ensure the business images will shown with the business details	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on business image field			the business images should shown with the business details		
CCPS_ad_forms_15	ensure the each business details contents are correct and alignment is ok or not	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take a look on page			the each business details contents are should correct and alignment should fine		
	FUNCTIONALITY						
CCPS_ad_forms_16	ensure the admin can search the forms	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on search	In Flow Gabon SARL		the admin can search the forms		
CCPS_ad_forms_17	ensure the page shows only the searched content	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.search			the page should shows only the searched content		
CCPS_ad_forms_18	ensure the admin can view the forms by organize a particular date	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on organize by date field		12/12/2023	the admin can view the forms by organize a particular date		
CCPS_ad_forms_19	ensure the calendar will open when the admin click on the organize by particular date	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on organize by date field			the calendar should open when the admin click on the organize by particular date		
CCPS_ad_forms_20	ensure the selected date reports will shown on the organize by particular date field	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on organize by date field			the selected date reports should shown on the organize by particular date field		
CCPS_ad_forms_21	ensure the admin can filter the forms based on the criterias	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on sort field			the admin can filter the forms based on the criterias		
CCPS_ad_forms_22	ensure the employer last submitted reports will shown in the top of the list page	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.take alook on pending list page			the employer last submitted reports should shown in the top of the forms page		
	REPORT PAGE						
CCPS_ad_forms_23	ensure the learn more button will redirect to detailed report page	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more			the learn more button should redirect to detailed report page		
CCPS_ad_forms_24	ensure the detailed report page layout is as per the user specifications	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more 5.take alook on report page			the detailed report page layout is must be as per the user specifications		
CCPS_ad_forms_25	ensure the company image is shown with the company name	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more 5.take alook on report page			the company image should shown with the company name		

CCPS_ad_forms_26	ensure the report shows correct contents based on the quarter selected	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more 5.take alook on report page		the report should shows correct contents based on the quarter selected		
CCPS_ad_forms_27	ensure the reject button will shows a push for entering the reject reason	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more 5.click on reject		the reject button should shows a push for entering the reject reason		
CCPS_ad_forms_28	ensure the reject reason push shows the correct business details	1.admin login 2.click on manage quarterly declarations 3.pending DTS 4.click on learn more 5.click on reject		the reject reason push should shows the correct business details

				LOGIN PAGE			
	DESIGN						
CCPS_ad_login_01	ensure the page layout is as per the user specifications	1.open login 2.take a look on login page		the page layout is must be as per the user specifications			
CCPS_ad_login_02	ensure the CCPS logo is clear	1.open login 2.take a look on login page		the CCPS logo must be clear			
CCPS_ad_login_04	check all the fields are displaying	1.open login 2.take a look on login page		all the fields are should displaying			
CCPS_ad_login_05	check whether the label text is properly dispalyed or not	1.open login 2.take a look on login page		the label text should properly displayed			
CCPS_ad_login_06	check whether the placeholder is properly displayed or not	1.open login 2.take a look on login page		the placeholder should properly displayed			
CCPS_ad_login_07	check whether the alignment of the text fields are properly displayed or not	1.open login 2.take a look on login page		the alignment of the text fields are should properly displayed			
CCPS_ad_login_08	check whether the all the field are clickable or not	1.open login 2.take a look on login page		all the field are should clickable			
CCPS_ad_login_09	ensure the clikpay group logo is clear	1.open login 2.take a look on login page		the clikpay group logo is should clear			
CCPS_ad_login_10	ensure the eye icon should placed correctly on the password field	1.open login 2.take a look on login page		the eye icon should placed correctly on the password field			
CCPS_ad_login_11	verify the login button colour will change when the mouse over to the button	1.open login 2.take a look on login page		the login button colour should change when the mouse over to the button			
CCPS_ad_login_12	ensure the spelling of developed by is correct or not	1.open login 2.take a look on login page		the spelling of developed by should correct			
CCPS_ad_login_13	ensure the clikafrik group logo is clear or not	1.open login 2.take a look on login page		the clikafrik group logo should clear			
	FUNCTIONALITY						
CCPS_ad_login_14	verify admin will be able to login with a valid username and password	1.open login page 2.enter valid username and password	username - CG12345678 password - 123456	admin should be able to login with a valid username and password			
CCPS_ad_login_15	verify that the admin cannot login with invalid credentials	1.open login page 2.login with invalid credentials	username - Admin!@#$~ password - User@ 123	the admin cannot login with invalid credentials			
CCPS_ad_login_16	verify admin cannot login with a valid username and invalid password	1.open login page 2.enter valid username and invalid password	username - CG12345678 password - User@ 123	admin cannot login with a valid username and invalid password			
CCPS_ad_login_17	verify admin cannot login with a invalid username and valid password	1.open login page 2.enter invalid username and valid password	username - admin!@#~ password - 123456	admin cannot login with a invalid username and valid password			
CCPS_ad_login_18	verify the page shows validation when all fields are empty	1.open login page 2.click login without enter username and password	username - password -	the page should shows validation when all fields are empty			
CCPS_ad_login_19	verify the page shows validations when invalid login occur	1.open login page 2.login with invalid credentials	username - user password - User@123	the page shows validations when invalid login occur			
CCPS_ad_login_20	verify the page shows validations in case of less characters than the minimum limit of the username (4) and password(8)	1.open login page 2.enter username and password morethan the limited characters	username - a password - A@123	the page should shows validations in case of less characters than the minimum limit of the username and password			
CCPS_ad_login_21	verify the forgot password functionality	1.open login page 2.click on forgot password	--	the forgot password functionality should working			
CCPS_ad_login_22	verify the eye icon shows the password when it is enabled	1.open login page 2.enter password 3.click on eye icon	--	the eye icon should shows the password when it is enabled			

CCPS_ad_login_23	verify the eye icon encrypt the password when it is disabled	1.open login page 2.enter password 3.click on eye icon	--	the eye icon should encrypt the password when it is disabled			
CCPS_ad_login_24	verify admin cannot login by using old password after changing the password	1.open login page 2.enter old password after changing the password	username - CG12345678 password - 123456	admin cannot login by using old password after changing the password			
CCPS_ad_login_25	verify that the admin should be able to login with the new password after changing the password	1.open login page 2.enter new password after changing the password	username - CG12345678 password - Adminnew@123	the admin should be able to login with the new password after changing the password			
CCPS_ad_login_26	verify the login page allows to log in simultaneously with same credentials in different browser	1.open login page 2.enter same credentials in multiple browsers at same time	username - CG12345678 password - 123456	the login page should allows to log in simultaneously with same credentials in different browser			
CCPS_ad_login_27	verify if the enter key of the keyboard is working correctly on the login page	1.open login page 2.enter username and password 3.press enter key on keyboard	--	the enter key of the keyboard should working correctly on the login page			
CCPS_ad_login_28	verify that clicking on the browser back button after successful login should not take the admin to log out mode	1.open login page 2.login 3.click on browser back button	--	clicking on the browser back button after successful login should not take the admin to log out mode			
CCPS_ad_login_29	verify the timeout of the login session	1.open login page 2.login	--	the timeout of the login session should not too long			
CCPS_ad_login_30	verify that the page is redirected to OTP page after success login	1.open login page 2.enter valid username and password 3.click on	--	the page should redirected to OTP page after success login			
CCPS_ad_login_31	verify whether the admin is still logged in after a series of actions such as close the browser,reopen etc	1.open login page 2.login 3.perform series of actions like close, reopen etc	--	the admin should still logged in after a series of actions such as close the browser,reopen etc			
CCPS_ad_login_32	verify that clicking on the browser backbutton without success login should not take the admin to the home page	1.open login page 2.enter valid username and password 3.click on back button	--	clicking on the browser backbutton without success login should not take the admin to the home page			
CCPS_ad_login_33	ensure user can click on the login button	1.open login page 2.click on login	--	user can click on the login button			
CCPS_ad_login_34	ensure the login button redirect to otp page when it is clicked	1.open login page 2.click on login	--	the login button should redirect to otp page when it is clicked			
LOGIN OTP PAGE							
	DESIGN						
CCPS_ad_loginotp_01	ensure the otp page layout is as per the customer specifications	1.open login page 2.click on login 3.take a look on otp page		the otp page layout is must be as per the customer specifications			
CCPS_ad_loginotp_02	ensure the ccps logo is clear	1.open login page 2.click on login 3.take a look on otp page		the ccps logo must be clear			
CCPS_ad_loginotp_04	ensure the fields provided for the OTP digits are properly placed	1.open login page 2.click on login 3.take a look on otp page		ensure the fields provided for the OTP digits are should properly placed			
CCPS_ad_loginotp_05	verify the button colour will change when the mouse over to the button	1.open login page 2.click on login 3.take a look on otp page		verify the button colour should change when the mouse over to the button			
CCPS_ad_loginotp_06	ensure the spelling of developed by is correct or not	1.open login page 2.click on login 3.take a look on otp page		the spelling of developed by should correct			
CCPS_ad_loginotp_07	ensure the clikafrik group logo is clear or not	1.open login page 2.click on login 3.take a look on otp page		the clikafrik group logo should clear			
	FUNCTIONALITY						
CCPS_ad_loginotp_08	ensure the user recieve the OTP on given mobile number	1.admin login 2.check on mobile for OTP	--	the user should recieve the OTP on given mobile number			
CCPS_ad_loginotp_09	ensure the length of the OTP no more than the specified range	1.admin login 2.take a look on OTP	--	the length of the OTP should not more than the specified range			

CCPS_ad_loginotp_10	ensure the admin can enter the OTP	1.admin login 2.enter OTP		5063	the admin can enter the OTP		
CCPS_ad_loginotp_11	verify admin can copy paste the OTP	1.admin login 2.try to copy paste OTP	--		admin can copy paste the OTP		
CCPS_ad_loginotp_12	verify the button colour will change when the mouse over to the button	1.admin login 2.mouse over to the button	--		the button colour should change when the mouse over to the button		
CCPS_ad_loginotp_13	check if the input field only accepts numbers	1.admin login 2.enter numbers		5063	the input field should only accepts numbers		
CCPS_ad_loginotp_14	check if the OTP is valid for a limited time	1.admin login 2.enter OTP after long time	--		the OTP is should valid for a limited time		
CCPS_ad_loginotp_15	check if the OTP becomes invalid after the expiration time	1.admin login 2.enter OTP after long time	--		the OTP becomes invalid after the expiration time		
CCPS_ad_loginotp_16	check if the OTP is verified successfully	1.admin login 2.enter valid OTP	--		the OTP should verified successfully		
CCPS_ad_loginotp_17	check if the incorrect OTP is rejected	1.admin login 2.enter incorrect OTP	--		the incorrect OTP should rejected		
CCPS_ad_loginotp_18	check if the user can request another OTP if the first OTP was not entered correctly	1.admin login 2.enter resend	--		the user can request another OTP if the first OTP was not entered correctly		
CCPS_ad_loginotp_19	check the OTP field by entering alphabets	1.admin login 2.enter alphabets	--		the OTP field should not accept alphabets		
CCPS_ad_loginotp_20	check if the user can resend OTP if it was not received	1.admin login 2.enter resend	--		the user can resend OTP if it was not received		
CCPS_ad_loginotp_21	check if the user is locked out after a certain number of invalid OTP attempts	1.admin login 2.enter invalid OTP multiple times	--		the user should locked out after a certain number of invalid OTP attempts		
CCPS_ad_loginotp_22	ensure the done button redirect to get started page after OTP verification success	1.admin login 2.enter done	--		the done button should redirect to get started page after OTP verification success		
BIOMETRIC AUTHENTICATION							
	DESIGN						
CCPS_ad_bio_01	ensure the biometric authentication page design is as per the user specification	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the biometric authentication page design is must be as per the user specification		
CCPS_ad_bio_02	ensure the CCPS logo is clear	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the CCPS logo must be clear		
CCPS_ad_bio_04	ensure the biometric authentication field properly placed or not	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the biometric authentication field should properly placed		
CCPS_ad_bio_05	ensure the CLIKAFRIK logo is clear	1.admin login 2.successful login 3.OTP verified 4.take a look on biometric authentication			the CLIKAFRIK logo must be clear		
	FUNCTIONALITY						
CCPS_ad_bio_06	ensure the biometric verification is success by registered finger	1.admin login 2.successful login 3.OTP verified 4.apply registered finger			the biometric verification should success by registered finger		
CCPS_ad_bio_07	ensure the biometric verification is not possible while using non registerd fingers	1.admin login 2.successful login 3.OTP verified 4.apply non registered finger			the biometric verification should not possible while using non registerd fingers		
CCPS_ad_bio_08	swipe registered hand in up-to-down,down-to-up, right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc	1.admin login 2.successful login 3.OTP verified 4.swipe registered hand in up-to-down, down-to-up,right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc			the biometric verification should not possible by swipe registered hand in up-to-down,down-to-up,right-to-left,left-to-right, circular motion, with gloves on,with oily fingers etc		

CCPS_ad_bio_09	ensure the biometric authentication not possible with palm of hand	1.admin login 2.successful login 3.OTP verified 4.apply palm of hand		the biometric authentication should not possible with palm of hand		
CCPS_ad_bio_10	ensure biometric authentication is not possible with back of the registered finger	1.admin login 2.successful login 3.OTP verified 4.apply back of the registered finger		biometric authentication is not possible with back of the registered finger		
CCPS_ad_bio_11	ensure the page redirect to dashboard after successfull biometric authentication	1.admin login 2.successful login 3.OTP verified 4.click on biometric authentication		the page redirect to dashboard after successfull biometric authentication		
	DASHBOARD HEADER SECTION					
	DESIGN					
CCPS-ad_header_01	ensure the fields in the header section properly placed	1.admin login 2.take a look on dashboard		the fields in the header section should properly placed		
CCPS-ad_header_02	ensure CNAMGS logo is attached with CCPS logo after successful CNAMGS admin login	1.admin login 2.take a look on logo section		CNAMGS logo should attached with CCPS logo after successful CNAMGS admin login		
CCPS-ad_header_03	ensure CNAMGS logo is clear and aligned properly	1.admin login 2.take a look on logo section		CNAMGS logo should clear and aligned properly		
	FUNCTIONALITY					
	PROFILE					
CCPS-ad_header_04	ensure the admin can view profile by clicking name field	1.admin login 2.click on name	--	the admin can view profile by clicking name field		
CCPS-ad_header_05	verify admin can edit the profile page	1.admin login 2.click on name 3.click on edit account	--	admin can edit the profile page		
CCPS-ad_header_06	verify the admin profile page shows the correct contents	1.admin login 2.click on name 3.take a look on profile page	--	the admin profile page should shows the correct contents		
CCPS-ad_header_07	verify the edited contents are updated in the profile page	1.admin login 2.click on name 3.take a look on profile page	--	the edited contents are should updated in the profile page		
	FAQ					
CCPS-ad_header_08	ensure the FAQ page is open when the admin click on FAQ icon	1.admin login 2.click on FAQ		the FAQ page should open when the admin click on FAQ icon		
CCPS-ad_header_09	verify the unread number will change after the admin open the FAQ page	1.admin login 2.take a look on FAQ menu	--	the unread number should change after the admin open the FAQ page		
CCPS-ad_header_10	ensure the FAQ page layout is as per the customer specifications	1.admin login 2.take a look on FAQ page	--	the FAQ page layout is must be as per the customer specifications		
CCPS-ad_header_11	ensure the contents in the FAQ page shows in particular language as per the language selection	1.admin login 2.click on FAQ 3.change language	--	the contents in the FAQ page should show in particular language as per the language selection		
CCPS-ad_header_12	verify the date and time format	1.admin login 2.take a look on FAQ page		the date and time format should as per the customer specification		
	NOTIFICATIONS					
CCPS-ad_header_13	ensure the notification page is open when the admin click on notification menu	1.admin login 2.click on notification menu	--	the notification page should open when the admin click on notification menu		
CCPS-ad_header_14	verify the unread notification's number will vary according to the notification updations	1.admin login 2.take a look on notification menu	--	the unread notification's number should vary according to the notification updations		
CCPS-ad_header_15	verify user can view notification	1.admin login 2.click on notification menu	--	user can view notification		
CCPS-ad_header_16	verify notifications page layout is as per the user specifications	1.admin login 2.click on notification menu 3.take a look on notification page	--	notifications page layout is must be as per the user specifications		
CCPS-ad_header_17	ensure the contents in the notification page will change according to the language selection	1.admin login 2.click on notification menu 3.change language	--	the contents in the notification page should change according to the language selection		

CCPS-ad_header_18	verify the date and time format	1.admin login 2.click on notification menu 3.take a look on notification page	--	the date and time format should as per the customer specification			
	LANGUAGE CHANGE						
CCPS-ad_header_19	verify admin can change the language by clicking on the language icon	1.admin login 2.click on language change icon	--	admin can change the language by clicking on the language icon			
CCPS-ad_header_20	ensure the page language will change according to the language selection	1.admin login 2.click on language change icon 3.take a look on selected page	--	the page language should change according to the language selection			
CCPS-ad_header_21	ensure the selected language should shown in the language selected menu field	1.admin login 2.click on language change icon 3.take a look on language change icon	--	the selected language should shown in the language selected menu field			
			DASHBOARD page				
	DESIGN						
CCPS_ad_welcome_01	ensure the dashboard layout is as per the user specifications	1.admin login 2.click on dashboard 3.take a look on dashboard		the dashboard layout is must be as per the user specifications			
CCPS_ad_welcome_03	ensure the dashboard menu is selected and highlighted when it is selected	1.admin login 2.click on dashboard		the dashboard menu is must be selected and highlighted when it is selected			
CCPS_ad_welcome_03	ensure the all queries icon and number is given and properly placed	1.admin login 2.click on dashboard 3.take a look on all queries icon		all queries icon and number should given and properly placed			
CCPS_ad_welcome_04	ensure the completed request icon graph shows the correct content according to the completed requests	1.admin login 2.click on dashboard 3.take a look on all completed request icon		the completed request icon graph should shows the correct content according to the completed requests			
CCPS_ad_welcome_05	ensure the requests rejected icon graph shows the correct content according to the rejected requests	1.admin login 2.click on dashboard 3.take a look on requests rejected icon		the requests rejected icon graph should shows the correct content according to the rejected requests			
CCPS_ad_welcome_06	ensure the current requests icon graph shows the correct content according to the current requests	1.admin login 2.click on dashboard 3.take a look on current requests icon		the current requests icon graph should shows the correct content according to the current requests			
CCPS_ad_welcome_07	ensure the business enroll field properly placed and its alignment is ok or not	1.admin login 2.click on dashboard 3.take a look on business enroll field		the business enroll field should properly placed and its alignment should fine			
CCPS_ad_welcome_08	verify pending list will listout on pending list field and its alignment is ok or not	1.admin login 2.click on dashboard 3.take a look on pending list field		pending list should listout on pending list field and its alignment is ok or not			
	FUNCTIONALITY						
CCPS_ad_welcome_09	verify admin can view all business enrolls by clicking view all link in the business enroll section	1.admin login 2.dashboard 3.click on view all in business enroll field		admin can view all business enrolls by clicking view all link in the business enroll section			
CCPS_ad_welcome_10	ensure verify enroll will redirect to enroll approval page when it is clicked	1.admin login 2.dashboard 3.click on verify enroll in business enroll field		verify enroll should redirect to enroll approval page when it is clicked			
CCPS_ad_welcome_11	verify know more button redirect to DTS pending list detail page	1.admin login 2.dashboard 3.click on know more in business enroll field		know more button should redirect to DTS pending list detail page			
			MANAGE ID ACTIVATION				
CCPS_ad_enroll_01	ensure dropdown will show the sub menus when the manage id activation menu is clicked	1.admin login 2.click on manage id activation		dropdown should show the sub menus when the manage id activation menu is clicked			
CCPS_ad_enroll_02	ensure the sub menus highlighted when mouse over to the menus	1.admin login 2.click on manage id activation 3.take a look on sub menus		the sub menus must be highlighted when mouse over to the menus			
CCPS_ad_enroll_03	ensure the pending menu shows the number of pending requests	1.admin login 2.click on manage id activation 3.take a look on sub menus		the pending menu should shows the number of pending requests			

CCPS_ad_enroll_04	ensure the pending list will open when pending menu clicked	1.admin login 2.click on manage id activation 3.click on pending		the pending list should open when pending menu clicked			
CCPS_ad_enroll_05	ensure the rejected requests list will open when reject menu clicked	1.admin login 2.click on manage id activation 3.click on rejected		the rejected requests list should open when reject menu clicked			
CCPS_ad_enroll_06	ensure the approved requests list will open when the approved menu is clicked	1.admin login 2.click on manage id activation 3.click on approved		the approved requests list should open when the approved menu is clicked			
	Pending List						
	DESIGN						
CCPS_ad_enroll_07	ensure the head design and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on head		the head design and font is must be userfriendly			
CCPS_ad_enroll_08	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on business images		the business images should shown with the business details			
CCPS_ad_enroll_09	ensure business name and details spelled correctly or not and check the alignment is ok or not	1.admin login 2.click on manage id activation 3.click on pending 4.take a look on page		business name and details should spelled correctly and the alignment should fine			
CCPS_ad_enroll_10	ensure verify enroll button is highlighted when the mouse over to the button	1.admin login 2.click on manage id activation 3.click on pending 4.mouse over to the verify enroll button		verify enroll button is must be highlighted when the mouse over to the button			
	FUNCTIONALITY						
CCPS_ad_enroll_11	ensure verify enroll button will redirect to business enroll form page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll		verify enroll button should redirect to business enroll form page			
CCPS_ad_enroll_12	ensure reject button shows a push for reject confirmation	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject		reject button should shows a push for reject confirmation			
CCPS_ad_enroll_13	ensure the no will close the push when it is clicked	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on no		the no should close the push when it is clicked			
CCPS_ad_enroll_14	ensure the admin can download the file	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on download file		the admin can download the file			
CCPS_ad_enroll_15	ensure yes will redirect to reject reason page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes		yes should redirect to reject reason page			
CCPS_ad_enroll_16	verify the reject reason textbox will accept alphanumeric and special characters	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes 7.enter characters	your ID activation is rejected on 15/12/2023 becuase !@#$`........??	the reject reason textbox should accept alphanumeric and special characters			

CCPS_ad_enroll_18	ensure the rejected forms is removed from the business enroll list	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.reject 6.take a look on pending list page		the rejected forms should removed from the business enroll list			
CCPS_ad_enroll_19	ensure the reject button redirect to rejected request detail page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on reject 6.click on yes 7.click on reject		the reject button should redirect to rejected request detail page			
CCPS_ad_enroll_20	ensure user can scroll the reject reason page and the contents are correct	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.reject 6.scroll reject reason page		user can scroll the reject reason page the contents should correct			
CCPS_ad_enroll_21	ensure approve button shows a push for approve confirmation	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button		approve button should shows a push for approve confirmation			
CCPS_ad_enroll_22	ensure the no will close the push when it is clicked	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on no		the no should close the push when it is clicked			
CCPS_ad_enroll_23	ensure yes will redirect to approve success page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on yes		yes should redirect to approve success page			
CCPS_ad_enroll_25	ensure ok button redirect to approved request's detail page	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.click on approve button 6.click on yes 7.click on ok		ok button should redirect to approved request's detail page			
CCPS_ad_enroll_26	ensure the admin can download the file and approved request's detail page contents are correct and properly placed	1.admin login 2.click on manage id activation 3.click on pending 4.click on verify enroll 5.approve 6.click on download field and take a look		the admin can download the file and approved request's detail page contents are should correct and properly placed			
CCPS_ad_enroll_27	ensure the CNAMGS is added to employer page after the admin approval	1.admin login 2.approve pending request		the CNAMGS should added to employer page after the admin approval			
	Rejected List						
CCPS_ad_enroll_28	ensure the rejected list shows the list of rejected requests	1.admin login 2.click on manage id activation 3.click on rejected		the rejected list should shows the list of rejected requests			
CCPS_ad_enroll_29	ensure the page head spell and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on head		the page head spell and font is must be userfriendly			
CCPS_ad_enroll_30	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on business images		the business images should shown with the business details			

CCPS_ad_enroll_31	ensure business name and details spelled correctly or not and check the alignment is ok or not	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on business name field		business name and details should spelled correctly and the alignment should fine			
CCPS_ad_enroll_32	ensure view more button is highlighted when the mouse over to the button	1.admin login 2.click on manage id activation 3.click on rejected 4.mouse over to the view more button		verify view more button is must be highlighted when the mouse over to the button			
CCPS_ad_enroll_33	ensure view more button shows rejected request's detail page when it is clicked	1.admin login 2.click on manage id activation 3.click on rejected 4.click on view more button		view more button should shows rejected request's detail page when it is clicked			
CCPS_ad_enroll_34	ensure the rejected page layout is perfect or not and the contents are correct	1.admin login 2.click on manage id activation 3.click on rejected 4.take a look on rejected detail page		the rejected page layout should perfect and the contents should correct			
	Approved List						
CCPS_ad_enroll_35	ensure the approved list shows the list of approved requests	1.admin login 2.click on manage id activation 3.click on approved menu		the approved list should shows the list of approved requests			
CCPS_ad_enroll_36	ensure the page head design and font is userfriendly or not	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on head		the page head design and font is must be userfriendly			
CCPS_ad_enroll_37	ensure the business images will shown with the business details	1.admin login 2.click on manage id activation 3.click on approved menu 4.take a look on business images		the business images should shown with the business details
